Pisa is one of the most visited cities in Tuscany and it is famous for its Leaning Tower. The beautiful Piazza dei Miracoli is among the most beautiful monumental complexes in the world. The town's most prosperous period was undoubtedly the 12th century and this is witnessed by the urban shape of the old town centre with many buildings, squares and alleyways that run along the river Arno, which was for centuries the major communication route. It has always been an estuary town and was already an important naval base in Roman times intensifying trade in the Mediterranean. Pisa is also famous for one of the most prestigious higher learning institutions of Europe: the Scuola Normale Superiore. An authorised city guide will accompany you in the visit of the interior of the Cathedral and the exterior of the Leaning Tower and Monumental Cemetery. At the end of the tour you will also have free time to wander in the square and take plenty of pictures.
