Tour Itinerary

Day 1 :- Kiel, Germany

Arriving on your MSC Cruise of Northern Europe, you will have the chance to visit Kiel, an expanding urban center on the shores of the Baltic Sea.

Day 2 :- Copenhagen, Denmark

Split by lakes and surrounded by sea, an energetic and hip waterside vibe permeates Copenhagen, one of Northern Europe's most user-friendly (and trendy) capitals. Copenhagen city center is waiting to be enjoyed on an MSC Northern Europe cruise excursion. It's a welcoming, compact city with a center largely given over to pedestrians (and cyclists) and an emphasis by day on café culture and top-notch museums. The historic core of the city is Slotsholmen, originally the site of the 12th-century castle and now home to the huge Christiansborg complex.

Day 3 :- Day At Sea

A day at sea gives you the opportunity to recharge before docking at your next port. Enjoy the many amenities your ship has to offer by pampering yourself with a relaxing spa day, catching an entertaining show with talented performers, or savoring an evening of fine dining at one of our many restaurants. Stick to your fitness goals by heading to the gym or hitting the mat for a mindful yoga session. Peruse a variety of shops to discover fashionable outfits, accessories, and jewelry. With endless attractions and activities, your sea day experience will be one for the books.

Day 4 :- Hellesylt, Norway

Hellesylt, Norway — an MSC Northern Europe Cruises destination — lies at the head of the breathtaking Sunnlyvsfjorden. Set against dramatic mountains, the village is the perfect launching pad to reach beautiful Briksdal glacier, part of the Jostedalsglacier National Park.

Day 5 :- Geiranger, Norway

Day 6 :- Alesund, Norway

Plunge into a fairytale atmosphere surrounded by the Norwegian Sea on your discovery of Ålesund, Norway. Home to fantastic fjords, phenomenal waterfalls, and the Alnes lighthouse, the amazing land of Ålesund is a quaint village that immerses you in a uniquely Norwegian experience.

Day 7 :- Flaam, Norway

To reach Flåm, your MSC cruise ship will navigate into the Sognefjord, the long est of the hundreds of Norwegian fjords. Extending over 204 kilometres and 1,308 metres deep, it is a record breaking fjord in which your ship will head southward, to reach the southern end of the Aurlandsfjord. At this point of your MSC cruise of Northern Europe you will see Flåm, amidst mountains of dense forest reaching up to the sky. In this challenging and remote setting you can see how even a modern means of locomotion like the train can blend in with Norway's spectacular natural landscape. Take a train ride from Flåm to Kjosfossen: 20 incredible kilometres inside the green coaches up to the station of Myrdal on the Bergen railway line. The landscapes you will admire are truly unique and will make your journey unforgettable. Nature is revealed in its most beautiful and wild landscape, with rock shaped by rivers that form gorges and rifts and waterfalls that plunge down dizzy heights, and, here and there, mountain farms, perched like mountain climbers, where cattle are raised and excellent cheese is produced.

Day 8 :- Day At Sea

A day at sea gives you the opportunity to recharge before docking at your next port. Enjoy the many amenities your ship has to offer by pampering yourself with a relaxing spa day, catching an entertaining show with talented performers, or savoring an evening of fine dining at one of our many restaurants. With endless attractions and activities, your sea day experience will be one for the books.
