## Day 4 :- Kolsai Lake – Kaindy Lake – Almaty

In the morning, transfer to Kaindy Lake, nestled at 2000 meters above sea level in a magnificent pine forest, formed in 1911 by a powerful earthquake that caused a landslide and created a natural dam, flooding the valley with cold, clear water that preserves the submerged trees, making their needles visible beneath the surface and their dry stems protrude like submarine masts, creating a mystical and unique landscape that words cannot fully capture; return to Almaty by 19:00 for an overnight stay in a hotel.
