Breakfast

Day 4 :- The Golden Circle

Breakfast at your hotel. Your guide will meet you in the lobby of the hotel. Start your adventure by visiting the fascinating **Aurora Reykjavik Northern Lights Centre**. You'll get a great introduction to northern lights, how they are formed and the folklore surrounding them. You'll also get tips about how to capture northern lights on film.

Depart Reykjavik and head onwards to **Thingvellir National Park** (UNESCO World Heritage site) where the world's oldest parliament met for centuries on the shores of Iceland's largest lake. This place makes us Icelanders enormously proud of our heritage. You might even have a rare chance to walk between two continents!

Continue to the geothermal fields of **Geysir** with bubbling mud pools and the high-spouting Strokkur hot spring. Finally, you'll visit the dramatic two-tiered **Gullfoss** waterfall, a spectacular sight in winter when frozen mid-cascade.

During the day, you will also visit the town of **Laugarvatn**. The town is built around three hot springs, and the residents have cleverly harnessed the hot springs for power and hot water. You'll visit a unique outdoor geothermal bakery where sweet Icelandic rye bread is baked in hot sands. You can taste some of the freshly baked bread, hot from the ground. It's especially delicious eaten with Icelandic butter and smoked trout.

Dinner and overnight in the Hella area.

Tonight, enjoy a Christmas Eve buffet dinner at your hotel. If weather conditions are right, your guide will take you on a northern lights hunt on foot in the area outside your hotel tonight, tomorrow evening or day after

Breakfast Dinner

Day 5 :- Iceland's South Shore

Merry Christmas! After breakfast at your hotel, drive along the **South Shore**, an area of Iceland that is especially beautiful to view in the winter.

This part of Iceland is home to the wonderful **LAVA Centre**, an interactive, high-tech educational exhibition depicting volcanic activity, earthquakes, and the creation of Iceland. Enjoy the exhibit and an interesting film about Icelandic volcanoes. Continue onwards. If the skies are clear, you might see the area's two most famous volcanoes in the distance: **Mount Hekla** (last eruption 2000) and **Eyjafjallajökull** (last eruption 2010).

Stop at the spectacular waterfalls **Seljalandsfoss** and **Skogafoss**. If trail conditions are right, you might be able to walk behind the ribbon-like Seljalandsfoss falls. Skogafoss is a beautifully shaped waterfall that makes a perfect backdrop for a selfie.

Head onwards to visit **Reynisfjara** beach. Take a walk on the black sand, admiring the extraordinary rock formations and thundering waves of the Atlantic Ocean. Cross **Eldhraun**, a vast lava field created from a very destructive 18th-century eruption as you head to your overnight.

Celebrate Christmas with a festive Christmas dinner at your hotel. You'll also receive a gift to commemorate your Christmas visit to Iceland.

Dinner and overnight in the Kirkjubaejarklaustur area.

Breakfast Dinner

Day 6 :- Vatnajökull National Park – Jokulsarlon Glacial Lagoon

Breakfast at your hotel. Today you'll be visiting the southern area of **Vatnajökull National Park**, named after Europe's largest glacier. The total park area covers almost 14 percent of Iceland, making it the largest national park in Western Europe. Visit **Jokulsarlon Glacier Lagoon** where you can enjoy the breath-taking sight of icebergs floating in the fantastic 180m (591 ft.) deep glacial lagoon. Nearby is the dramatic beauty of the **Diamond Beach**, where shrinking icebergs settle on the black sands before they drift out to sea.

Visit the national park's famous **Skaftafell** area, a site of outstanding natural beauty dominated by several magnificent glaciers.

Dinner and overnight in the Kirkjubaejarklaustur area.

Breakfast Dinner

Day 7 :- Hveragerdi – Blue Lagoon – Reykjavik

Breakfast at your hotel. Head back along the beautiful South Coast, enjoying a different view of the winter landscapes. Visit the village of **Hveragerdi**, which is one of the few sites in the world located directly in the middle of a geothermal area. Hveragerdi is often called The Flower Village because of its geothermal greenhouses.

Next, you'll visit a horse farm to meet some locals: Icelandic horses. This Viking horse breed played a pivotal role in Icelandic history. Enjoy petting these friendly horses and snapping a few selfies with them. You'll also taste some sweet refreshments that are traditionally served on Icelandic farms.

Turn onto a southern coastal road and follow alongside the shoreline with its breathtaking sea waves. The road takes you through the surreal landscapes of the **Reykjanes peninsula**, where you can enjoy a dip in the famous **Blue Lagoon**, a unique wonder of nature with pleasantly warm, mineral-rich water in the middle of a black lava field. Return to Reykjavik, where your guide bids you farewell at the hotel. The evening is open for you to enjoy your own activities. Dinner is on your own.
