Tour Description

Embark on a journey of discovery with Sedunia Travel! Experience unique destinations, local culture, delicious cuisine, and unforgettable adventures. Our expert planners will take care of everything. Book now!

Tour Itinerary

Day 1 :- Arrive Reykjavik

Arrive in time to meet your fellow travelers for a welcome gathering this evening. Your arrival transfer is included.

Hotel accommodation in Iceland is very limited and rooms/facilities can be fairly simple with few amenities. Hotels are chosen for their location and access to the wondrous landscapes and natural wonders of Iceland. Hotels are often remote, all the better to enjoy the beautiful natural setting.

Day 2 :- Reykjavik

Start the morning at the Perlan museum, which showcases Iceland's geological forces through exhibits on volcanic eruptions, explosive geysers, and more. After a classic Icelandic hot dog lunch, hop aboard a ship for a whale-watching expedition on Faxaflói Bay. Search for minke whales, humpback whales, dolphins, and porpoises diving through the waves, and learn about the incredible diversity of sea life in Iceland's waters. The rest of the day is free for relaxing at your hotel or exploring Reykjavík.

Our travel time today includes our many stops along the way.

Day 3 :- Hveragerdi

Set off on a hike through an area dotted with hot springs, stopping to soak your feet in steaming pools along the way. Then head to a traditional Icelandic horse farm to meet the friendly equine residents and learn about this special breed. Icelandic horses are small, hardy, and have a unique ambling gait called the tölt. Opt to saddle up and ride through the surrounding hills with a guide before gathering at the farm for a homemade lunch. This afternoon, travel to a vast lava field and enter one of the longest lava tunnels in Iceland, where we'll explore the amazing inner workings of a volcanic eruption. Continue to our hotel in Hveragerði, a town built around its own bubbling hot spring.

Day 4 :- Golden Circle

Discover the celebrated Golden Circle, a circuit that will take us to some of Iceland's most amazing natural treasures. Hear the roar of the mighty Gullfoss waterfall and visit the Geysir hot spring, the namesake of all the world's geysers. Continue to Thingvellir National Park, where the North American and Eurasian tectonic plates collide. Then visit a geothermal bakery to watch bakers digging pots of fresh bread out of hot black sand. Taste a slice still warm from the ground, and get the recipe for a loaf of rye. In the late afternoon, opt to stop by the Laugarvatn Fontana Spa for a soothing soak in geothermal waters.

Our travel time today includes our many stops along the way.

Day 5 :- South Coast

Today, explore Iceland's amazing history, from the Viking era to the industrial revolution. Visit a traditional turf-walled dwelling, and step inside a 20th-century schoolhouse while learning about Iceland's architectural heritage, folk crafts, and modern technology. Then take a short walk to the Skógafoss waterfall, one of the biggest falls in Iceland at more than 80 feet across. Enjoy a picnic lunch near the base of the waterfall and watch for rainbows sparkling in the spray. This afternoon ramble on one of Iceland's legendary black-sand beaches.

Our travel time today includes our many stops along the way.

Day 6 :- Westman Islands - Vik

Leave the mainland behind and voyage to the Westman Islands, a volcanic archipelago off Iceland's southern coast. Go ashore on Heimaey, the only inhabited isle in the archipelago, and wander among the white wooden buildings of the single tiny town. Learn about the island's recent volcanic history, view parts of the town buried by lava flows, and hike up the slopes of the Eldfell crater, where the ground is still warm from geothermal activity! Search for adorable puffins and other seabirds nesting on the island's steep cliffs, then sail back to Vík—the southernmost village in Iceland, known for its black-sand beach and strange rock formations.

Day 7 :- Reykjavik

Return to Reykjavík this morning, stopping along the way to visit Seljalandsfoss, one of Iceland's most spectacular waterfalls. Step behind the curtain of the falls into a hidden cave filled with mist, and enjoy one of the best photographic opportunities in Iceland. Continue to the famed Blue Lagoon to soak in the hot spring's iridescent blue waters. Continue to Reykjavík and enjoy a farewell dinner.

Our travel time today includes our many stops along the way.

Day 8 :- Depart Reykjavik

Depart at any time.
