Tour Itinerary

Day 1 :- ARRIVE PARIS, FRANCE (FLIGHT) - KANGERLUSSUAQ, GREENLAND (EMBARKATION)

From 1941 to 1992, the town of Kangerlussuaq in Greenland was home to an American military base. Nowadays, thanks to its international airport, it has become a transit point for travellers seeking adventure in the Far North. Located to the north of the Arctic Circle, this town is the starting point of magnificent discoveries surrounded by unspoiled nature. Indeed, just a few dozen kilometres there it is possible to get close to the Greenland ice sheet, the largest body of ice in the Northern Hemisphere. From Kangerlussuaq admire also the superb landscapes of tundra in autumnal colours, where Arctic hares, musk oxen, Arctic foxes, reindeer, falcons and eagles live.

Fly from Paris to Kangerlussuaq. Upon arrival meet & greet at the airport by our local English-speaking representative. Transfer to the ship for embarkation. Your cruise ship is ready for boarding. Embarkation from 16h00 to 17h00. Departure at 18h00. NOTES: We highly recommend you arrive in Paris the day before this flight.

Dinner

Day 2 :- SISIMIUT

During your cruise, we invite you to discover Sisimiut, founded in 1756 and the second largest town in Greenland. This small town is typical of Greenland, boasting bewitching panoramas: here and there, colourful stilt houses dot the undulating landscape, and the small fishing port stands as the gateway to an icy realm. As for the town centre, it is home to a number of historic buildings, a small church and a museum which retraces the history of the Inuit people, as well as many craft shops. When your ship drops anchor here, you will be able to meet the locals in a typically arctic atmosphere.

Breakfast Lunch Dinner

Day 3 :- DISKO BAY

To the east of Baffin Bay, discover Disko Bay, scattered with countless icebergs produced by the Ilulissat Icefjord, a UNESCO World Heritage Site. From your ship, admire the majestic ballet of these ice giants as they slowly drift across the dark waters. This site is a natural marvel of Greenland, and is also renowned as an observation point for the region's many humpback whales. The encounters with wild fauna and stunning landscapes in the heart of this spectacular and fragile nature will be pure moments of wonder for you.

Breakfast Lunch Dinner

Day 4 :- QEQERTARSUAQ

On the southern coast of Disko Island, Qeqertarsuaq is one of just two small villages on this island the size of Corsica. Its isolation makes it an observation post popular among naturalists since the beginning of polar exploration and the set-up, in 1906, of the Arctic Centre research facility. During a cruise exploring the natural wonders of Greenland, the potential encounters with wild fauna, such as the humpback whale, and the stunning basalt landscapes will be pure moments of wonder for you. In the heart of this spectacular and fragile nature, enjoy the breath-taking views of the grandiose and varied landscapes of Disko Island and Disko Bay.

Breakfast Lunch Dinner

Day 5 :- PAUL-ÉMILE VICTOR BASE CAMP, EQI GLACIER

"The most beautiful place in the Arctic" is how Paul-Émile Victor described Greenland, a land of great icebergs and of towering ice formations calved by the giant glaciers of the polar ice cap. The Eqi Glacier is one of the region's most impressive sights. Here, the silence is broken only by the roaring and cracking of the ice. It is impossible to know if one is shivering from cold or from the sheer thrill of being here... Imagine the vast outline of a glacier, its translucent crystals glowing with an ice-blue fire in the sunlight. Paul-Émile Victor's shelter cannot be overlooked; it was from here that the French Polar Expeditions' anthropological and geographic explorations set out in the 1950s.

Breakfast Lunch Dinner

Day 6 :- AKULLEQ

In the curve of Uummannaq Bay, opposite a narrow passage between two islands, you will discover the moonscape of the small desert island of Akulleq. The ochre yellow and orange of this mineral site look ablaze under the sunshine of the polar summer. From the island's summit you will be able to contemplate a panoramic view of the bay's magical landscape and its huge icebergs with surprising shapes.

Breakfast Lunch Dinner

Day 7 :- ORPIT

To the north-west of Greenland, on the shores of Baffin Bay, Orpit will reveal itself in an exceptional environment. A jumble of fjords and islets, the rolling topography of this territory offers hiking possibilities for discovering the tundra, this unique ecosystem in the high latitudes. If conditions allow it, an outing in a zodiac dinghy will also let you explore this faraway land via the sea, getting as close as possible to the wildlife.

Breakfast Lunch Dinner

Day 8 :- KULLORSUAQ

Well beyond the Arctic Circle, in the majestic landscapes of Greenland's Northwest, you will find the village of Kullorsuaq, the last bastion of Greenland's traditional hunters. Here is where you will find Greenland's true character... Vast mineral expanses, sumptuous mountains, impressive glaciers and, above all, the local population which still lives off fishing and seal or bear hunting. Hospitality and respect for nature are essential elements in the daily lives of these men, who live an austere life. When we drop anchor in this remote part of the world, set off to discover these friendly people who are also talented craftsmen, deftly sewing the furs and skins of marine mammals will be a unique and authentic experience.

Breakfast Lunch Dinner

Day 9 :- SAVISSIVIK

Some places in this world are so magical that their beauty cannot be described in words... Savissivik, a small Inuit village with less than a hundred inhabitants, is one such place. Rightly considered to be the biggest iceberg graveyard in Greenland, it is a stunning sight to behold. During your zodiac outing, you will sail between these icy giants. Once on land, you can hike to a viewpoint from which to enjoy breathtaking views over these icebergs, which come in an incredibly diverse range of shapes and colors. Photographers will love it. Savissivik Bay attracts many bears and is also known for having been the home of one of the world's biggest meteorites, but the latter has now been moved to a museum in New York.

Breakfast Lunch Dinner

Day 10 :- CAPE YORK

A few kilometers to the west of Savissivik, in Greenland, your ship will pass Cape York, a place that is brimming with history and marked by the conquest of the North Pole. Indeed, it is here, at the end of the 19th century, that the American explorer Robert Peary discovered fragments of one of the biggest meteorites ever found to this day. He had them sent back to the United States and later sold them to a New York museum, where they are still on display. Despite Robert Peary's disputed achievements and his sometimes controversial attitude towards the Inuit populations, a memorial was erected in his honor at Cape York. Constructed in the 1930s, the memorial still stands today.

Breakfast Lunch Dinner

Day 11 :- BAFFIN BAY EXPLORATION

In the icy waters of Baffin Bay, you will sail into the heart of the scattered sea floe. You will be captivated by icebergs in dreamlike shapes as your ship takes you into the ice of the Far North. Everything comes in shades of white here and, if you watch closely, you may get a glimpse of the lord of this kingdom, the polar bear. This fascinating animal finds its food in the heart of the ice, so this is where you have more chances of spotting it. The polar light gives a shine to the ice floe that you sail along as you explore Baffin Bay, leaving you with memories of unforgettable moments.

Breakfast Lunch Dinner

Day 12 :- EVIGHEDSFJORDEN

Your ship glides slowly along the water towards the west coast of Greenland, to enter Evighedsfjorden, just a few kilometres south of Kangerlussuaq. Evighedsfjorden means "the fjord of Eternity", and for good reason: just when you think you've reached the end of this stretch of sea measuring over 100 kilometres in length, it seems to go on forever, as though to bring even more pleasure to those sailing in it. The spectacular scenery ranges from glaciers to tundra with an abundant flora, and jagged cliffs where numerous bird species have taken up residence. Take the time to observe the white-tailed eagles and the colonies of seagulls and black-legged kittiwakes flying overhead in the area.

Breakfast Lunch Dinner

Day 13 :- DEPART KANGERLUSSUAQ (DISEMBARKATION) - PARIS, FRANCE (FLIGHT)

From 1941 to 1992, the town of Kangerlussuaq in Greenland was home to an American military base. Nowadays, thanks to its international airport, it has become a transit point for travellers seeking adventure in the Far North. Located to the north of the Arctic Circle, this town is the starting point of magnificent discoveries surrounded by unspoiled nature. Indeed, just a few dozen kilometres from there it is possible to get close to the Greenland ice sheet, the largest body of ice in the Northern Hemisphere. From Kangerlussuaq you can admire also the superb landscapes of tundra in autumnal colours, where Arctic hares, musk oxen, Arctic foxes, reindeer, falcons and eagles live.

Disembarkation after breakfast. Meet and greet at the pier. Transfer to airport in time for flight back to Paris. Service ends in Paris airport.
NOTES: We highly recommend you stay one night in Paris after this flight
