### Day 3 :- Kau Rio Serrano – Torres del Paine

Most people when they picture Torres del Paine likely are seeing Las Torres in their mind. This crown jewel of the park is also known as Base Torres, and is the viewpoint for three very distinct granite rock towers shooting up from the glacier lake below them. On a clear day the blue sky above the impossible turquoise of the lake and the grey peaks covered in white snow is breathtaking, making it a view you will never forget.

## **Day 4 :- Kau Rio Serrano – Pudeto - Paine Grande Camp - Grey Lake**

You will enjoy impressive views of Grey Glacier as you hike the trail next to the lake of the same name, looking across to the tongue of the glacier and the rock island known as Nunatak. The fresh air combined with the rugged terrain will have your heart thumping and endorphins flowing in one of the most stunning landscapes on earth.
