Tour Itinerary

Day 1 :- Tokyo (Yokohama), Japan

Yokohama and Edo began life as sleepy fishing villages. That changed in the early 17th century after Tokugawa Ieyasu became Shogun. Edo became the center of political power in Japan, a position the city retained even after the restoration of Imperial rule in 1868. Contemporary Tokyo may be the most astonishing city on earth. It's a paradoxical mix of ancient tradition and postmodern culture. The Ginza – an international shopping mecca – stands near the serene grounds of the Imperial Palace, and the hyper-speed of 21st century consumerism is mysteriously reconciled with the elegance and serenity of traditional culture. Tokyo provides the traveler with a dizzying experience.

Day 4 :- Taipei (Keelung)

The oldest Chinese reference to Taiwan dates back to the Han Dynasty in the 3rd century B.C. However, it wasn't until the 17th century A.D. that Chinese Hakka traders first settled on the island. These bold merchants were soon followed by European and Asian adventurers seeking to control and colonize the strategic island. The most famous migration of all occurred in 1948, when the government of the Republic of China fled the mainland.

This well-kept seaside secret is your gateway to the beating heart of Taiwan, a vibrant island nation that stole the spotlight with the ousting of Nationalist, Chiang Kai-shek from China. Its serene beauty belies the continuing conflict with mainland China and welcomes you with open arms. Imagine a truly unspoiled place – Taroko Gorge National Park – a must for any nature and wildlife enthusiast, where mineral hot springs offer rejuvenation and bliss. Traditional Chinese and Japanese temples with their unique architecture and magnificent landscape design, awaken the senses and transport you to a world of grace and timeless heritage.

Day 6 :- Ishigaki, Japan

The balmy, subtropical climate draws countless visitors to its sandy shores, but Ishigaki offers much more than your typical island getaway. It is the cultural, political and economic center of the Yaeyama Islands, originally founded in 1908 as Yaeyama Village and becoming Ishigaki Town in 1926. Ishigaki was elevated to city status on July 10, 1947. A hilltop Shinto shrine which dates back to 1614 is the perfect place to start your exploration of this lovely town. Noted for its white-sand beaches and turquoise waters to which snorkelers flock for a glimpse of the island's famed manta rays, Ishigaki Island offers many opportunities to commune with nature. Ishigaki has palm forests, mangrove-lined rivers suited for kayaking, and jungle-covered mountains perfect for hiking adventures.

Day 7 :- Okinawa, Japan

The largest island in the Ryukyu Archipelago, Okinawa has been a center of trade and a source for conflict through its history. The island has been an independent kingdom, the feudal possession of a Japanese daimyo and a prefecture of Japan following the Meiji Restoration of 1866. Okinawa was the scene of bitter fighting during the closing days of World War II. Over 100,000 civilians perished and the island was left in ruins. A US military possession, Okinawa returned to Japanese rule in 1972. Naha is the island's largest city and the capital of Okinawa Prefecture.
