## Day 2 :- Lima

Today we will learn about the two characters of Lima: the modern one, reflected in the districts of Miraflores and San Isidro; and the historic one, encapsulated in its historic center declared a World Cultural Heritage by UNESCO. Along the tour through different districts of the city, we will see how the old and the modern coexist in buildings such as the Museum of Italian Art, Palace of Justice, Museum of Lima, Plaza San Martín, among others. We will discover the center of Lima on foot, having the Main Square as the focal point: a beautiful colonial square worthy of photography, surrounded by emblematic buildings such as the Government Palace, the Cathedral and the Archbishop's Palace. We will have the opportunity to enter one of the most iconic ecclesiastical spaces in Lima, the Convent of Santo Domingo, also declared Cultural Heritage of Humanity and where the relics of three Peruvian saints are found: Santa Rosa de Lima, San Martín de Porres and San Juan Macías. Leaving the historic center, we will return to modern Lima, meeting the Pacific Ocean for a fascinating view that we can enjoy from the iconic Park of Love and its famous sculpture created by national artist Victor Delfin.

## Day 3 :- Cusco

You will be assisted at the hotel and transferred to the airport. Upon arrival, you will be assisted at the airport and transferred to the hotel. This charming half-day tour of Cusco offers us history, living culture and art. We will be able to appreciate how the Andean and Spanish cultures, as well as the past and the present, coexist in harmony in the Imperial City. We will arrive at the center to walk the halls of the San Pedro market, the oldest in the city. Designed in 1925 by Gustave Eiffel, today it brings together hundreds of merchants selling local products. We will also visit the Koricancha temple, which during the Inca empire was a center of worship of the Sun and on which the Santo Domingo convent was later built as part of the evangelization process. Its baroque style façade built on solid Inca walls perfectly summarizes the syncretism of cultures in the city of Cusco. To appreciate the greatness of the Incas, we will ascend to the monumental fortress of Sacsayhuaman, which with its enormous carved stone walls constitutes one of the best examples of Inca military architecture. We will tour the archaeological center of Kenko, a ceremonial place where the sun, the moon and the stars were worshiped. We couldn't take a tour of the city without visiting the Cathedral, the most important temple in the city. It was built by the Spanish on top of the palace of the Inca Huiracocha. Its interior houses a wonderful collection of colonial art composed of goldsmith pieces and representative canvases of the Cusco School of Art.

## Day 4 :- Cusco, Sacred Valley, Machu Picchu

In the Sacred Valley we will find ancient history and living culture. We will visit Chinchero, a place where many communities are still organized under the Inca system of ayllus and proudly wear their typical costumes. We will take the opportunity to visit the Parwa cultural center. Here we will learn about the textile processes, the products from which the vibrant natural dyes are obtained, and the traditional weaving techniques used to manufacture them. In addition, we will be able to see the work of the artisans live and, if we want to take a souvenir with us, purchase some of their pieces. In a short walk we will pass in front of the church of Nuestra Señora de Monserrat and reach the archaeological complex, which during the Tahuantinsuyo was an agricultural and livestock center, with terraces and aqueducts. We will also arrive at the archaeological site of Moray, which during the Tahuantinsuyo functioned as an agricultural research center, something like a laboratory. Its enormous concentric terraces and the variety of microclimates they created allowed the growth of a wide variety of crops. In the valley we will also enjoy a typical lunch and visit Ollantaytambo, an ancient military, religious and agricultural center of the Incas. Strategically located on a mountain, it offers an unbeatable view of the town, the only one that maintains the original Inca urban design and which we can also visit to see its stone streets, its market and breathe the spirit of the Andes. Finishing the tour, you will be transferred to the train station to take your train to Machu Picchu town. During the train ride we can enjoy the natural beauty of the surroundings, with impressive views of majestic mountains, the Vilcanota river and small towns of the Peruvian Andes; a visual feast that fills us with anticipation for the visit to the wonder that is Machu Picchu
