## Day 4 :- SAILING TOWARD THE ICE FLOES

Your captain will sail right up to the limit of the ice, to the edge of the ice floe. Weather conditions and state of the ice allowing, you will be able to go out in a zodiac dinghy for a unique experience in the middle of these floating slabs of ice. In addition to this grandiose journey through the middle of these floes with their cut and blue-tinged edges, sometimes over 2 metres thick, it is also often an opportunity to see a particular kind of fauna, totally dependent on the ice floe: birds, seals and polar bears.
